About the course:

This intensive course provides a comprehensive introduction to modern Macedonian language and culture while ensuring a solid command of the fundamental grammatical structures.

By the completion of this course, all students are expected to acquire a proficiency level of “Novice High” in listening, speaking, reading, and writing. Some students may achieve “Intermediate Low” or better in one or more area.

Students at this level should be able to:

- Read and write the language and comprehend short conversations on everyday topics.
- Write and translate simple texts, write short essays, letters, and advertisements.
- Make polite requests, ask for information, respond to requests and descriptions, impart personal information, have simple discussions on familiar, everyday topics, and make apologies.

In addition, the course will help students recognize common knowledge, beliefs, attitudes, and behavioral patterns of the Macedonian people, and to detect and conform to fundamental verbal and nonverbal cultural norms.

Program Structure:

This class is divided into two sessions. The first session covers the material normally included in the fall semester. The second covers the material normally included in the spring semester.

You will receive two grades; one for each session.

Session I: May 31—June 22 (final exams on June 22)
Session II: June 23—July 15 (final exams on July 14)
 *No class July 4th

Grading system per session:

Class participation 15%
Homework 15%
Weekly tests, quizzes, presentations 50%
Final examination 20%

<i>Grade</i>	<i>Percent</i>
A+	98–100
A	93–97
A-	90–92
B+	87–89
B	83–86
B-	80–82
C+	77–79
C	70–76
D	60–69
F	0–59

Auditing and Incompletes:

Since CLI courses are tuition free, they **cannot be taken for audit**. There is no not-for-credit option. All students will receive a grade for their class. CLI does not issue grades of **Incomplete**. Students who do not complete coursework by the end of CLI will be graded normally, with a grade of zero for any assignment not completed.

Class Time versus Homework:

This intensive course relies heavily on work performed outside the class.

Class time concentrates on activities that you cannot perform effectively without the immediate feedback of an instructor, for example: conversation, structured oral drills, active listening comprehension, etc.

Activities for which no instructor is necessary will typically be performed as homework, for example: reading, writing, and composition; grammar, etc.

In particular, you will be expected to **read ahead** and to **work with material that has not yet been covered in class**. It is your responsibility to learn assigned material before class, then come to class prepared to apply what they have learned. Instructors will not necessarily go over every homework topic in class. Instead, they will concentrate on topics that are particularly difficult or particularly important. Nonetheless, you are responsible for mastering every topic assigned, **including topics not emphasized in class**.

With a course moving at 5 times the usual speed, preparation is critical. Students who come to class unprepared will find it difficult to succeed.

Attendance and Class Participation:

Since the course relies so heavily on listening and speaking practice, attendance and participation are mandatory and count toward your final grade.

Class participation will reflect your daily preparation and active participation in class discussions. A student who is chronically late to class, leaves early, or is not prepared to participate will not receive full attendance and participation credit.

Students who miss more than **two classes** over the course of the 7-week session **without prior consent** of the instructor or CLI administration will **receive a zero** for class participation and will be asked to **withdraw** from the course. Absences may be excused on a case-by-case basis. Extenuating circumstances should be discussed with the instructor. However, that does not guarantee that an exception will be made.

Students who need to be absent from class due to religious observances ([ACD 304-04: Accommodations for Religious Practices](#)) or due to participation in university-sanctioned activities ([ACD 304-02: Missed Classes Due to University-Sanctioned Activities](#)) should notify the instructor at the beginning of the semester about the need to be absent from class and make arrangements to make up missed assignments and in-class work.

Homework Grading:

Homework is your opportunity to practice new structures. It is expected that you will make mistakes; you will not be marked down for doing so. As long as you complete your homework and turn it in on time, you will receive full credit.

Grade Appeals

Grade disputes must first be addressed by discussing the situation with the instructor. If the dispute is not resolved with the instructor, the student may appeal to the department chair per the University Policy for Student Appeal Procedures on Grades.

Drop/Add and Withdrawal Dates

ASU PD, the Office of the Dean of Students, and other appropriate offices will coordinate the assessment in light of the relevant circumstances.

Reporting Title IX Violations

If you or someone you know has been harassed on the basis of sex or sexually assaulted, you can find information and resources at <https://sexualviolenceprevention.asu.edu/faqs>.

As a mandated reporter, I am obligated to report any information I become aware of regarding alleged acts of sexual discrimination, including sexual violence and dating violence.
