About the course:
This intensive course provides a comprehensive introduction to modern Albanian language and culture while ensuring a solid command of the fundamental grammatical structures.

By the completion of this course, all students are expected to acquire a proficiency level of “Novice High” in listening, speaking, reading, and writing. Some students may achieve “Intermediate Low” or better in one or more area.
Students at this level should be able to:

- Read and write the language and comprehend short conversations on everyday topics.
- Write and translate simple texts, write short essays, letters, and advertisements.
- Make polite requests, ask for information, respond to requests and descriptions, impart personal information, have simple discussions on familiar, everyday topics, and make apologies.

In addition, the course will help students recognize common knowledge, beliefs, attitudes, and behavioral patterns of the Albanian people, and to detect and conform to fundamental verbal and nonverbal cultural norms.

To solidify their language and cultural gains, students are highly encouraged to take advantage of the ASU follow-on study-abroad program in Tirana.

Auditing and Incompletes:
Since CLI courses are tuition free, they cannot be taken for audit. There is no not-for-credit option. All students will receive a grade for their class. CLI does not issue grades of Incomplete. Students who do not complete coursework by the end of CLI will be graded normally, with a grade of zero for any assignment not completed.

Class Time versus Homework:
This intensive course relies heavily on work performed outside the class.

Class time concentrates on activities that you cannot perform effectively without the immediate feedback of an instructor, for example: conversation, structured oral drills, active listening comprehension, etc.

Activities for which no instructor is necessary will typically be performed as homework, for example: reading, writing, and composition; grammar, etc.

In particular, you will be expected to read ahead and to work with material that has not yet been covered in class. It is your responsibility to learn assigned material before class, then come to class prepared to apply what they have learned. Instructors will not necessary go over every homework topic in class. Instead, they will concentrate are topics that are particularly difficult or particularly important. Nonetheless, you are responsible for mastering every topic assigned, including topics not emphasized in class.

With a course moving at 5 times the usual speed, preparation is critical. Students who come to class unprepared will find it difficult to succeed.

Participation:
Since the course relies so heavily on listening and speaking practice, attendance and participation are mandatory and count toward your final grade.

Class participation will reflect your daily preparation and active participation in class discussions. A student who is chronically late to class, leaves early, or is not prepared to participate will not receive full attendance and participation credit.

Students who miss more than two classes over the course of the 7-week session without prior consent of the instructor or CLI administration will receive a zero for class participation and will be asked to withdraw from the course.

Homework Grading:
Homework is your opportunity to practice new structures. It is expected that you will make mistakes; you will not be marked down for doing so. As long as you complete your homework and turn it in on time, you will receive full credit.
**Academic Dishonesty:**
Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The possible sanctions include, but are not limited to, appropriate grade penalties, course failure (indicated on the transcript as a grade of E), course failure due to academic dishonesty (indicated on the transcript as a grade of XE), loss of registration privileges, disqualification and dismissal.
